REF: 682

Diameter: 63.48 cm (25")

Description

A charger 25" in diameter. It has an excellent hanging fixture on the back which clamps on to the whole diameter of the charger. Which can also easily be removed. The design of the decoration is beautifully light in touch displaying great handling of the brush and glaze with a flowing open expressive quality. The wonderful blues and sienna scarlets with hints of green and gold. A beautiful composition.
